Continuing Student Experience Program
The Continuing Student Experience program is available to continuing and new transfer students living in the Valley Terraces and Half Dome. This program is enriched with experiences to prepare students to take full advantage of the benefits of UC Merced while preparing for life after graduation.

Programs and activities will be offered to help achieve the goals below. Residents living as part of the Continuing Student Experience Program will learn to:-

1. Utilize the resources and tools available to succeed academically.
2. Refine their career goals and begin developing a resume of experiences that matter to employers and graduate and professional schools.
3. Participate in experiences where a resident can practice being an effective leader, communicator, and member of a community.
