Searching for Roommates for Heritage Apartments

Part 1: Update your Profile

Updating your profile will allow others looking for apartment roommates to find you.

1. Return to the housing application and click on the Lifestyle Preferences in step 5.

2. There is a new section titled Heritage Apartments. Change the value for “I want to live in the Heritage Apartments off campus” to “Yes”
3. You can also indicate if you want a 1 bedroom or 2 bedroom apartment but this step is optional.

4. Press Save & Continue at the bottom of the page

Part 2: Search for Roommates

Keep in mind that until others update their profile you won’t get many search results. You should check back regularly to find new additions to the list.

1. In the housing application, go to Roommates in Step 14 then select Search by Profile.
1. In the **Heritage Apartments** section, check the box and select Yes for “I want to live in the Heritage Apartments off campus”

2. You may also limit your search by number of bedrooms but this is optional.

3. Press **Search**. The page will refresh with matching roommates at the bottom. You can view your matches’ profiles or send them a message. It is not recommended that you use the “request roommate” function as this is reserved for on-campus housing.

---

**If you have NOT already applied for Heritage Apartments**

You can include your new roommates information when you apply. The application and information can be found here: [http://housing.ucmerced.edu/heritage](http://housing.ucmerced.edu/heritage)

**If you HAVE already submitted an apartment application**

You can email Jason Mellen ([jmellen@ucmerced.edu](mailto:jmellen@ucmerced.edu)) with the name and Student ID number of your roommates.
